

WOODY'S ART GALLERY

On Wednesday 29th November saw the opening of the 'Woody's Art Gallery'. The children were invited to attend from 2pm with their teachers. Every student that passed through the doors exhibited great manners and demonstrated the upmost amount of respect for each artist and their artwork.

I am incredibly proud of the hard work that the students put into making our first gallery a success! It was great to see that many children brought their families back after school to show off their amazing effort. We had an awesome turn out and great reviews from the parents and caregivers.

Each teacher was asked to choose 1 piece of art that really stood out to them during their gallery viewing. These students will be receiving a small certificate and prize next week in their art lesson.

There was a lot of art in the art room. We made it and it made me feel excited. I went with my mum and brother- they were happy to see the work.

- Jake Ellis

I came with my mum and sister and we liked the artwork. I liked that we got juice and popcorn.

- Caitlin Shingles.

It was fun. I liked the drawings. On the popcorn at the end it had a joke- "Thanks for popping in". That's funny because we popped into the art gallery!
