

## Room 14 Year 3

The students in Room 14 have had a great start to the year. They enjoy and participate in Crunch & Sip and telling news.

On Friday the 3<sup>rd</sup> March it was Clean up Australia Day. We went to the Assembly area and sang two songs. We then went back to our classroom to put on our hats, gloves and pick up our buckets. It was a very hot day and we walked around Forrestfield picking up rubbish.

We found lots of cigarette butts and many small pieces of broken glass. We picked up 180 pieces of rubbish. We were very glad to come back to school because we were very thirsty and tired. THANK YOU to the parents who came with us on our walk.

This term we have been learning about Australia and its capital cities. We have also been looking at Australian animals and Australian food. We have read stories about Australian animals and we really love the book 'Possum Magic'.

It's written by Mem Fox.

It's a wonderful book.

It's illustrated by Julie Vivas.

There's lots of food that we like in the book.

It's a fun book for kids.

It has colourful pictures and interesting words.

It teaches you lots of things about Australia.

We have made posters about the book 'Possum Magic'. They are hanging in our classroom.
