

Room 9 (Year 3) – PATHs Newsletter

PATHs Person

Each day we have a special PATHs person who is drawn out of the lucky dip. They get to sit on a special chair and act as a role model for other students.

The PATHs person gets to do lots of important jobs around the class and school. Some of the special jobs for the PATHS person are: be the line leader, return the library books, take messages, give out faction tokens for the teacher and help others who are sick or injured.

- *I like doing jobs and helping the teacher – Grace.*
- *You can choose friends to sit next to you and help you with the jobs – Molly.*

Every day, we give the PATHs person compliments and Mrs Mason writes them on a Star Sheet. These are displayed in our room and will go home later this term. The best compliments to give are about someone's skills and talents, but we also like giving compliments about their personality and appearance.

- *When you give compliments you are being nice and it shows you care - Alice.*
- *Giving compliments makes the person feel good. If you don't it will make them feel really bad about themselves - Ewan.*
