

S.M.A.R.T Goals in Room 22

In room 22 we have been learning about and writing SMART goals.

SMART goals are **specific** so that we know exactly what we want to accomplish this term. Our goals are **measurable** and wrote what we will need to do to meet our goals. We have set **achievable** goals that are challenging and not unattainable. Our goals are academically **relevant** and **timely**. We are aiming to achieve our goals by the end of term 2.
