

Our Hands Of Trust

We had an incursion at Woodlupine with Constable Care who spoke to us about feeling SAFE and UNSAFE.

They talked to us about adults we could trust and talk to and they could help us feel safe again. These people would listen and help us when we felt unsafe, either at home or at school.

We made our hands, coloured them in and cut them out.

We told the teacher to write the names of the adults that we could talk to on our hands.

We could talk to our Mum and Dad.

If we had an Uncle
or Aunt or a grown
up friend we could

Or we could talk
to our Nanna,
Grandma, Pop or
Grandpa.

We could even
talk to our
Teacher.
