

Year 3 Room 14

This term we celebrated the 100 Days of School. On Wednesday the 26th July we had a fun Maths day. We brought 100 objects to school. We sorted them into different groups and we also weighed them.

Isaac's 100 shells weighed the most and Declan's 100 pieces of straws weighed the least.

This term we have been working in the garden. Tammy, Amelia's mum has been coming every Friday to help us. We have also just started looking after the chickens.

I like planting and helping in the garden. Melleah

We have to pull out the weeds and put fertilizer in the soil. Shehan

We have to feed the chickens and check their food and water. We also check for eggs. Isaac

In the garden we pull out the weeds and then we put new soil in and plant new plants, then we water them. Jade

We made a hole and then we put the seeds in and we watered them. We also had to pull out the weeds. Taneka

I like doing the weeding, planting the plants, digging the holes and watering the garden. Declan

I like planting the plants, watering and looking after them. Bahara

We got gravel and put it in the bottom of the garden bed then we put in some cow poo and soil and made it flat. Jack

I like the garden because it is fun to put the plants in. Skye

The garden is neat and tidy and I like working in the garden. Andrew

We've been planting carrots and other vegetables. It is fun to work in the garden with Tammy. Makayla

When we get to the chicken pen we check if there are any eggs and put them in a basket. Then we have to give the chicken's clean water and put food in the bird feeder. After that we take the eggs to the office. Sahar

We learn lots about how to get the soil ready for the plants and we have lots of fun in the garden. Amelia

We put new water in the buckets for the chickens. We have to give them more food and see if there are any eggs. Mason

We have to have to water the garden every Friday. We only give them a little water. The sun helps the plants grow. I picked an onion and Tammy said I could take it home. Teleah

In the garden we sometimes pull out weeds and we put cow poo in the soil to help the plants grow better. Reegan

I spread the soil and cow poo in the big garden beds and we had to move the soil around to make it all even. We also had to pull the weeds out so the plants would grow. Chrissy

We get the eggs and take them to the office. At the end of the day we gather all the chickens in the cage and lock them up so they can stay safe. Olivia

We put some dirt in the garden bed. We pulled out the weeds. Blake
